Knowing that code compliance is a key issue for Nebraska, and that the state will work towards improving compliance with the 2009 IECC so that households and businesses benefit....

*Discussion questions:*

  - Which area(s) should we focus on?

    - What about rural areas that do not have code enforcement resources?
    - How might 2012 IECC adoption affect compliance in communities of Omaha/Lincoln metro areas?
  - Impact on existing buildings? (additions/renovations/rehabs/repairs)
  - Other compliance systems? (third party energy raters? Home Performance with Energy Star?)
- 4. Collaborative Structure** *11:25-11:50 | Group discussion*

*Discussion questions:*

  1. Do we want a specific composition structure? (e.g.: two representatives from each sector?)
  2. How can we ensure statewide representation?
  3. Who else should be invited?
  4. How often will we meet?
- 5. Next Steps** *11:50-12:00 | Group discussion*
  - Next meeting date/time?
  - Agenda item(s) for next meeting?
